Setting Up Your Monitor

Dell 1908FP-BLK Flat Panel Monitor

1. Verify the contents of the box

2. Remove the cover and place the monitor on it

3. Attach the monitor stand

4. Connect the monitor using ONLY ONE of the following cables: the Blue VGA cable or the White DVI cable

5. Connect the USB cable to the computer.

NOTE: It is recommended that you connect the monitor using the White DVI cable for better performance.

Other information: After installing the monitor, please connect the USB cable to the computer to use the USB ports.

For further assistance, please refer to the Quick Start Guide.
