Setting Up Your Monitor

Before setting up your Dell monitor, please read the safety instructions in Product Information Guide.

1. Attach the monitor to the stand until it is locked.
2. Vertically extend and tilt the monitor completely to rotate it for cable connection.
3. Connect the blue VGA cable or the optional white DVI cable to the computer.
4. Connect the USB cable to the computer.
5. Connect the power cord firmly to the monitor and the electrical outlet.
6. Rotate the monitor back and turn on the monitor.
7. If nothing appears on the screen, press the Input Source Select button.
